

## What is REP?

This nonprofit foundation was founded in 1987 for the following purposes: to generate community support; to promote, recognize, and stimulate excellence in education; to enhance the education of students through enrichment programs; to stimulate an atmosphere of creativity and respect for teachers; and to encourage a supportive community and private-sector relationship with the schools.

## T.A.G.S. Funding

(Technology, Arts, Gardens, Science)

REP's T.A.G.S Program is a non-competitive program, with funds allocated to every school in the district. Proposals must be within the allocated amount and approved by your principal.

Proposal guidelines and applications are available on our website:

Please remember, a minimum of 45% of your school's allocation must be spent on the Arts. A maximum of \$500 may be spent on gardens and the remaining monies may be spent on the arts, sciences, or technology. Principals must approve and sign all proposals.

Greetings!

REP is at work to help you provide innovative programs and enrichment opportunities for students. We are pleased to be able to give out **\$100,000** to schools and teachers in RUSD again this year:

**\$60,000** in funding that is allocated to all schools, based on ADA

**\$40,000** that is awarded to winning grants written by teachers

Please see the accompanying articles for more information and deadlines.

We are committed to supporting you so that you can enrich the lives of students in our schools.

Consider donating \$5 a month to REP through the payroll deduction program. It would go a long way towards increasing dollars that go back to RUSD schools.

Thanks for all you do,  
Cindy Munz, REP President

A total of 1,881 semester students attended the AAA Academy's Summer School program this year at Redlands East Valley High School. Our enrollment numbers remain high each year which is testimony to the number of motivated students who take a core subject during the summer in order to free up a class period for Avid, AP or Honors classes, choir, Mock Trial or one of the many extracurricular opportunities offered during the school year. We are also pleased to have offered 246 full or partial scholarships to students who might not otherwise been able to attend. The AAA Academy also oversees the THINK Together Extended Learning Programs and Minimum Day Programs for our K-8th students. After school programs are offered at Franklin, Kingsbury, Lugonia, McKinley, and Victoria Elementary Schools and Clement, Cope, and Moore Middle Schools. Students who attend receive daily homework assistance, academic enrichment in literature and math, fun physical activities including intramural sports and a variety of clubs such as science, cooking, social skills, and arts and crafts till 6:00 or 6:15 p.m. every school day. Coming this fall will be our Minimum Day Programs which offer art classes and soccer camps during the Teacher Conference Week, November 14-18th to elementary students in the Redlands Unified School District. For more information about our programs please visit our website at [www.aaa-academy.com](http://www.aaa-academy.com) or call 909-748-6908.
